respectful, caring and engaging environment that provides excellence in educational, cultural, athletic and artistic opportunities for our students. F.P. Walshe has excellent diploma exam results and graduation rate. We also have an excellent record in junior high and high school athletics, regularly participating in (and sometimes winning!) zone and provincial competitions in volleyball, basketball and rugby. We are an active part of the High School re-design movement in Alberta, and are always seeking new ways to help students engage with school and be successful. This includes a focus on project based learning and providing alternate educational options wherever possible.
