

CLAREMONT SECONDARY SCHOOL

Claremont Secondary School is devoted to excellence in learning, academics, and teaching. While Claremont is renowned for its scholastic rigour, consistently ranking at the very top amongst public schools on Vancouver Island in overall academic performance, we are also well known for our commitment to humanitarian pursuits, the fine arts, foods, trades, technology, ELL (English Language Learners) and athletics.

Many of our innovative offerings strive to put students at the centre of their own education, allowing them to discover, embrace and fulfill their passions within relevant learning opportunities. Students who find learning a challenge are supported to help them understand their own learning styles and achieve success.

**SAANICH INTERNATIONAL
